Education

● St. Mary's University

- Computer Science 2021 Continue
- I am a 4th-year computer science student at St. Mary's University, with a CGPA of 3.91. I have a strong passion for technology, programming and Graphic design, and I am eager to expand my knowledge and skills in the field. Throughout my academic journey, I have consistently maintained a high academic standing and have actively engaged in various extracurricular activities related to computer science.

Work & Experience

● Nimet Graphics

- Website and Graphic designer 2023 Continue
- I am the founder of Nimet Graphics, a thriving business specializing in graphic design and visual communication. With a passion for creativity and a keen eye for detail, I established this venture to offer innovative design solutions to clients across various industries. From logo designs and branding materials to website design and promotional content, that aims to provide visually impactful and tailored designs that effectively convey the clients' messages.

● Habesha Magazine

- Graphic Designer 2024 2024
- I have worked a four-month project as a Graphic Designer at Habesha Magazine, which concluded successfully on June 12, I was responsible for designing eye-catching advertisements. Throughout my time with the client, I collaborated closely with him to understand his needs and develop creative concepts that met his objectives. I am proud of the work that I produced during my contract and am confident that it will contribute to the success of the Magazine as I have designed 70% of the ads in it.
